

Members Data Base Update & Questionnaire

Although some Members kindly complete and return the annual contact update forms issued in January, the Club management has little contact with individual Members who do not patronize the Club regularly or attend AGMs. In a bid to adapt the Club's facilities and activities to the requirements of Members, the Committee has issued the attached questionnaire, and invites Members to complete it and return it to the Club Office.

In order to save paper, the Club is keen to move routine correspondence with Members on-line. Regrettably, many Members have not furnished the Office with e-mail addresses, which makes this advance slow. Now that almost everyone communicates by e-mail and hand-phone, the administration of Club affairs and communications would be better served if the Office has these basic contact details. Even if Members do not have the time to complete the questionnaire, the provision of their contacts to the Office will assist the administration.

Thank you.
