

# Report to Members on RSYC-Pengail 2010 Fishing Competition Round 1.

22<sup>nd</sup> & 23<sup>rd</sup> May 2010

Heavy rain every day, from Wednesday to Friday before the competition weekend..!!! *Macam mana* to have the fishing competition? We have to leave it to the mercy of God.

Saturday morning 22<sup>nd</sup> May, the sky is overcast and the weather looks dodgy. Will it rain again?

Saturday noon 22<sup>nd</sup> May. The sun is shining and it's getting hot! Keep your fingers crossed guys! By 1400hrs, three boats were standing-by to depart. All the planning and strategizing by the various teams and individuals may not be in vain after all!

Then disaster struck! Tractor *rosak!* How to launch our boats? *Panik die-lah.* The situation was desperate, with boats sitting at

the ramp ready but not able to go. God is great! Through the heroic efforts of the GM and his crew, a tractor was located from across the river and Mr. Wong Kok Weng (one of our Club members) of Joyful Marine loaned/rented us his tractor for the duration. The Organising Committee wishes to record their gratitude to Mr. Wong for his assistance which, by the way, is not the first time he has helped the Club in an emergency. Boats were launched and the 2010 Fishing Competition was under way.

Sunday morning 23<sup>rd</sup> May. The early birds were at the Club before 0630hrs, although the take-off for Inshore is not until 0730hrs.

However, they were greeted by fresh *nasi lemak* kindly collected for us by Farah (from the

office) and coffee/tea from the bar. Farah also took charge of the registration of competitors. The most pleasant support came from the Rear-Commodore RSYC, who made an appearance before

7.a.m. just to oversee things and bid good luck to the fishermen. Many thanks Diana!

We had 25 boats, with 72 entrants (RSYC 41 & Pengail 31 – steady RSYC!) taking part. At 1700hrs sharp, the horn was blown and it was sorry to Hong

Hong Chee's boat at Jugra. The winning team was Leong/Othman Tahir and they were awarded the Champions' Jackets at the tea that followed, as were the other prize

Kok Cheng who arrived three minutes late with a *jenahak*

winner, including Ong Fei Loong with his 1.66kg shark in the *Ikan lian-lian* category.

Members of Leong/Othman team get automatic entry into Round 2, but as Othman has paid for all 3 Rounds in advance, he will
